As far back as our information extends, we find the table-land of Iran occupied by a group of nations closely related to each other, and speaking dialects of the same language. On the edges of that great desert, which occupies the centre of the land, are tracts of pasture, and further inland, treeless steppes, which, however, are watered here and there by brackish pools, and produce a salt vegetation barely sufficient to provide buffaloes and camels with sustenance, until the soil becomes entirely barren. In the western part of these steppes wandered a pastoral people, whom Herodotus calls Sagartians. They were horsemen, but, according to the historian's statement, carried no weapons of attack beyond a dagger and a rope of twisted straps, at one end of which was a loop. In this they placed their confidence in battle; they threw it over men and horses, and so dragged them down and strangled them. In the inscriptions of the Achaemenids this nation is called Acagarta.[2] Close to the Indus, and beyond the bare, hot,...

Reviews

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.
