Brand New Book ***** Print on Demand *****.Nancy started writing in elementary school, where she had her first poem published in a school magazine. Her love of writing continued into her years in junior and high school, where she was on the school newspaper staff. She entered college with plans to major in journalism; as the story goes, things change. She married her high school sweetheart, and for the next 20 years they moved from the U.S. to Europe and back again. When her husband retired from the military, they settled in Palm Bay, Florida. After many years away from writing, Nancy has written her first book. As well as being her initial book, it is her first attempt at the fine art of Japanese Haiku. The photos in the book are those she has captured on vacations with her husband over the past few years.
