She dreams of indulging in ornithology and a visit to an amusement park a summer of fun before she returns to a last year of high school, marriage, and middle-class homemaking. But in the country, Garnet finds herself under supervision of oppressive guardians, her father's wealthy cousin and the matrons' stuck-up daughter. Only a job in a hat shop, an intense, secret relationship with a beautiful flapper, and a deep faith in her own heart can save her from the suffocation of traditional femininity in this coming-of-age story about a search for both wildness and security in an era full of unrest. It is the tale of a young woman's discovery of the science of risk and the art of rebellion, and, of course, the power of unexpected love. This item ships from multiple locations.
