Brand New Book ***** Print on Demand *****.In times of conflict and radical change, group identity is often threatened and boundaries need to be renegotiated. The first century was a time of radical change, especially for the Jews. It was in the first century C.E. that the core symbol of Jewish identity, the temple, was destroyed. Social scientists point out that in such turbulent times, groups will often create stronger boundaries around themselves. In such contexts boundaries between insiders and outsiders are created and in ancient texts, expressed in linguistic forms that illustrate such boundaries. Christianity as a movement developed within the already established, but volatile Jewish movement/religion. As a movement Christianity expressed a profound sense of inclusivism and illustrated that value in the transcendence of social boundaries. However, Christianity was also a moral movement, as Wayne Meeks once remarked, and therefore also created boundaries. This is expressed in linguistic expressions, such as to say that the in-group are the pistoi (believers) to be distinguished from the apistoi (the unbelievers). In this book the dynamic reality of creating and transcending boundaries and the relationship...
