Brand New Book ***** Print on Demand *****.Excerpt from Department of Theology, Vol. 7 This is one in a series of reports which covers the activities of the Commissions, Committees and administrative units of the Lutheran World Federation in the period between the 1957 Minneapolis Assembly and the present time. These reports are being sent together with a number of other documents to the official participants in the forthcoming Assembly in Helsinki, in order that they may have adequate information about our work. Some of the reports describe the studies which the Commissions have conducted; some are submitted as bases for study and use in the churches. This applies especially to those reports which come from our Study Commissions. These groups have no administrative unit; their members have given generously of their own time in preparing these studies. We are very grateful to them for this work. The various operational Commissions, Committees and Departments of the Lutheran World Federation present six-year reports prepared by the heads of the administrative units. These documents tell the story of the world-wide program of the Lutheran World Federation in theological cooperation, world mission, radio work, world service, community development service, the special task in Latin America, information and inter-confessional research. The primary purpose of these reports is to give information in written form for all who participate in the Fourth Assembly. It is our hope, therefore, that the reports will be read in advance of our meeting. We can then more intelligently assess the work of the Lutheran World Federation, debate the issues more vigorously and plan more effectively for the future. We commend this report for your study and consideration. About the Publisher Forgotten...
