HELPING YOUR CHILD LEARN HISTORY

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 80 pages. Dimensions: 11.0in. x 8.5in. x 0.2in. Imagine that you wake up one morning to find out you have no memory! You're not able to remember who you are or what happened in your life yesterday or the day before that. You're unable to recognize your children, and you can't communicate with neighbors and other people because you no longer know how to greet them, and you can't understand what they are saying. You don't remember what the words elections, wars, or movies mean. Just as having no personal memory deprives us of a sense of our own identity, having no historical memory deprives us of a sense of our national identity and, in the words of Mrs. Lynne V. Cheney, noted author and wife of the vice president of the United States, of a perspective on human existence. Knowledge of U. S. history enables us to understand our nation's traditions, its conflicts, and its central ideas, values and organizing principles. Knowledge of world history enables us to understand other cultures. In addition, without historical memory, we miss a great source of enjoyment that comes from piecing together the story of the pastour own, our nations and the worlds. Our historical memory is enriched by our understanding of geography, which lets us better see the physical context of cultures and environments around the world and across time. Through the No Child Left Behind Act of 2001, President George W. Bush has made clear his commitment to the goals of raising standards of achievement for all children and of providing all children with highly qualified teachers and with instruction that is based on scientific research. Helping Your Child Learn History is part of the presidents efforts...
